

BUILD YOUR BUSINESS ON WORLD-CLASS INFRASTRUCTURE

 CloudLuxe
HOSTING

CloudLuxe Hosting offers secure data centre facilities that house many of Australia's largest companies' web and application servers. They are designed with maximum security, up time and reliability in mind.

Northbuild speeds up to its full potential

Northbuild is a Queensland-based building and construction company employing a team of over 110 personnel across its three offices. Previous problems with bandwidth availability had hindered the company from fully using their network. GCOMM resolved the problem by applying several CloudLuxe products. CloudLuxe Hosting facilitated centralised internet access along with a CAD server at the GCOMM core for Northbuild's own private infrastructure deployment. [Read More](#)
